

Sticky Innovation

Exploring the Problem of the Bees
Through Engineering and Art
ENED | DAAP 3040
FALL 2019

Final Project

Points by Percentage 30%
Due Date Dec 5- Presentations

Documentation, 150 word abstract, and
Reflection posted on website- 5%
Due Date Friday December 13 by
11:59pm

Teams will

1. Establish team “rules of engagement”- what are your expectation for each other regarding successful teamwork and outcomes?
2. Formulate a research question based on what problem you want to solve? impacting which stakeholders? Use empathy mapping and ideation to develop a focused solution
3. Utilize Makerspace technologies and/or other platforms introduced in class
4. Develop a solution
5. Develop an engaging presentation. Format flexible: video, musical, experiential, literary, virtual, material object, visual art, fashion, consumer product

Criteria	Comments	Rate: 1 -10
